

MEDICATIONS

In order to take **ANY** medication on the trip, you must have a medical form on file. This includes non-prescription medications such as Tylenol or Dramamine. The chaperones will be responsible for distributing medications to students whose parent is not on the trip. The student's chaperone needs to be notified if a student needs to take medications. Parents who are going on the trip may dispense medications to their own child. Remember, however, that if a child needs medicine and the parent has to leave the trip for some reason, we will not be able to administer medicine to them unless they have a form on file. Please fill out the form, **have your doctor sign it** and return it ASAP but no later than April 15, 2019. Bring the medications to the mandatory meeting on **Friday, May 3, 2019**.
